

Visit from the Dogs Trust

29th September 2014

Wellow
Primary School

On 29th September we were fortunate to receive a visit from Sara-Jane of the Hampshire branch of the Dogs Trust.

The aim of the sessions were to speak to the children about how to BE DOG SMART!

Sara's talks were delivered to each class on the topic of Safety.

On the day Sara brought in one of her education dogs to help with the delivery of the sessions. Molly was a beautiful Spaniel with a fantastic temperament. The pupils were encouraged to get up and move around and stroke Molly if they felt it was something they were happy to do.

Lucy in Year 4 said 'it was lovely to be able to stroke the dogs and see how friendly they were.' For many of the children they have gone away with an increased confidence around dogs. Several of the Year 5 girls were very apprehensive about the session but thoroughly enjoyed it. Sara-Jane has offered to return to Wellow in future to help with reading sessions so we are looking forward to seeing her again.
