

Harvest Festival at St Margaret's Church

3rd October 2016

Wellow
Primary School

The school has good links with the local community and attends a few special services at the church each year. The walk to the church is very much a Wellow School tradition. The walk through the village is an opportunity for children to spend time with children from different year groups and helps strengthen a sense of school identity and culture.

At the service different year groups shared the work they had been doing in class about food and farming. The service was a celebration of thanks for what we have and an opportunity to give to others who have less.

The aim of writing, singing, reading and performing their work was to help the children better understand their role and responsibility in thinking of and helping others around the world and in their local community.

The vicar reflected the importance of giving to others through a Christian story. He talked about the Romsey food bank and how the food the children had brought with them would help families in the local area.

The children sang beautifully and performed proudly during the service.

Thank you to all of the parents who walked and supported the service, it all helped to make the morning such a special school community occasion.
