

Romsey Rotary present dictionaries to Year 4

Wellow
Primary School

December 2014

Members of the Test Valley Rotary Club visited us on Monday to make a presentation to Year 4 pupils. Each child was presented with a 'Dictionary for Life'. Presentations to other schools in the area are planned for the next few weeks, just as they were last year. The 300 copies of the Usborne Illustrated Dictionary were purchased at a reduced cost through the Rotary Dictionary4Life project and each one will become the child's personal property – for life.
