Estate Agents

As part of their persuasive writing unit, Year 5 invited Paul Darnell from Pearsons to talk about how Persuasive Language is important in the real world!

Paul shared the tricks of his trade with the children, who proceeded to use their new found skills to sell their classroom to Paul!

6 Children were then lucky enough to be invited to work at the Estate agents for an afternoon. The children, armed with clipboards, visited a property recently brought to the market which they photographed and wrote the particulars for.

Pearsons were so impressed with the children that they all have a job waiting for them at Pearsons when they are older!
