Highclere Visit

Year 5 had a wonderful time at Highclere Castle.

The children were really engaged listening to the religious rituals and ceremonies that the Ancient Egyptians partook in—some sounded absolutely ghastly!

We saw all sorts of artefacts from the Egyptian period and even got a close look at an unwrapped mummy! All the children made fantastic archaeologists,

peering into Tutankhamun's tomb and explaining what they had seen. We were astounded by some of the knowledge you were able to share and were proud of the thoughtful questions the children asked.

The children learned how the Ancient Egyptians lived and were able to compare to other Ancient Civilisations, thinking about which civilisation was most significant—which had most of an impact to how we live today.
