Wellow
Primary School

Wonderful Wellow Walk

In year 2 we went on a walk to explore the beauty and history of Wellow. Our English topic this term is based on the journey of a little girl called Pippa from the text 'Where my wellies take me' by Micheal Monpurgo. In the text, Pippa walks through her local village describing what she see's around her, and the influence these things have on her life.

On our walk, we created a story map to help us remember our journey. We have been looking at maps in geography and identifying how we can use them to find out where we are in the country. We also looked at the links Wellow has with Florence Nightingale as we have been finding out about Florence as part of our history topic.

Along the way, we collected some natural objects which reminded us of Wellow, we will be using these things in art to create some natural prints which represent the village of Wellow.

It was a very fun and exciting morning which enabled the children to gain a greater understanding and knowledge of the village which is Wellow.
