Primary School

Safer Internet Day

This term the School Leadership team led assemblies to educate the school about being safe on the internet. Lots of bullying can happen on line and children need to be aware of the advantages and risks with playing on the internet. One of the aims was to encourage children to tell an adult if they come across anything upsetting. Some children admitted to being on websites underage and said they would think more carefully about what they did online in the future.

**Safer
Internet
Day 2016**
