

Inter-Faith Calendar Prize

Wellow
Primary School

Giving Ceremony

16th November 2016

Last year, children from years 1 to 5 took part in a competition to create a piece of art that expressed an understanding of faith in Britain. This was a wonderful opportunity to promote children's cultural and spiritual development and to enhance the learning they do in RE lessons. The children devoted their own time to attend lunchtime workshops and collaborated to make some creative and thoughtful entries.

On 16th November, competition winners were invited to attend a special prize giving ceremony and the official calendar launch. There were over 400 entries and 8 of our children were winners. All of these children received a certificate and prize and have had their work published in the 2017 Inter-Faith Calendar. This calendar is used in schools across Hampshire, it celebrates diversity, tolerance, faith and understanding.

At the ceremony the children represented the school brilliantly and we are extremely proud of their achievements.
